LoK School Safeguarding Policy

School: Lantern of Knowledge Independent Boys Secondary School

Head Teacher: Mr A. Keekeebhai

Named personnel with designated responsibility for Safeguarding

Academic Year	Designated Safeguarding Lead	Deputy Designated Safeguarding Lead	Nominated Safeguarding Governor	Chair of Governors
2015/6 & 2016/7	Mr A Keekeebhai	Mr H Patel	Mr I Sidyot	Mr I Sidyot

Named personnel with designated responsibility regarding allegations against staff

Academic Year	Designated Senior Manager (this would normally be the Head teacher)	Deputy Designated Senior Manager	Chair of Governors	Nominated Governor
2015/6 & 2016/7	Mr A Keekeebhai	Mr H Patel	Mr I Sidyot	Mr I Sidyot

Dates the Safeguarding Policy is reviewed and dates of any safeguarding audits

Review Date	Changes made/Details of action plan	Due Date	By Whom
October 2016	New Policy	October 2017	Mr A Keekeebhai

Dates of Staff training and details of course title and training provider

Whole school	Designated Safeguarding Lead	Deputy Designated Safeguarding Lead
ALL N/C STAFF 14/09/2016 SAFEGUARDING REFRESHER 1	Mr A KEEKEEBHAI 3/12/2015	Mr H PATEL 20/5/2016
ALL N/C STAFF 16/10/2015 SAFEGUARDING REFRESHER 2		
ALL N/C STAFF 20/11/2015 WRAP TRAINING		
ALL STAFF 8/1/2016 SAFEGUARDING (EXTREMISM)		

INTRODUCTION

This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002, and in line with government publications. [Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children.]

Section 157 of the same act and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies and city technology colleges) to have arrangements to safeguard and promote the welfare of children who are pupils at the school.

This policy is in line with statutory guidance for schools and colleges; [Keeping Child Safe in Education \(2016\)](#), [Working Together to Safeguard Children \(2015\)](#), [London Child Protection Procedures \(5th Edition\)](#), [„What to do if You are Worried a Child is Being Abused“ 2015](#) and [WF Early Help and Threshold Criteria for Intervention](#)

The **Teacher Standards 2012** state that teachers, including headteachers should safeguard children’s wellbeing and maintain public trust in the teaching profession as part of their professional duties.

- The statutory guidance **Keeping Children Safe in Education 2016** is issued under Section 175 of the Education Act 2002, the Education (Independent School Standards) Regulations 2014 and the Education (Non-Maintained Special Schools) (England) Regulations 2011. Schools and colleges must have regard to this guidance when carrying out their duties to safeguard and promote the welfare of children. Unless otherwise stated, „school“ in this guidance means all schools, whether maintained, non-maintained or independent, including academies and free schools, alternative provision academies and pupil referral units. „School“ includes maintained nursery schools. „College“ means further education colleges and sixth form colleges as established under the Further and Higher Education Act 1992. And relates to their responsibilities to children under the age of 18 (but excludes 16-19 academies and free schools, which are required to comply with relevant safeguarding legislation by virtue of their funding agreement)
- All staff must read Part One of this guidance and staff can find a copy in the school’s network drive (under the School’s Policy folder).

Everyone working in or for our school service shares an objective to help keep children and young people safe by contributing to:

- providing a safe environment for children and young people to learn and develop in our school setting, and
- identifying children and young people who are suffering or likely to suffer significant harm, and taking appropriate action with the aim of making sure they are kept safe both at home and in our school setting

SCHOOL COMMITMENT

LoK School is committed to safeguarding and promoting the welfare of all of its pupils. Each pupil’s welfare is of paramount importance.

We recognize that:

- Some children may be especially vulnerable to abuse
- Children who are abused or neglected may find it difficult to develop a sense of self worth and to view the world in a positive way. Whilst at school, their behaviour may be challenging
- Children can be victims and perpetrators of abuse
- Children who harm others may have been abused themselves
- Allegations can be made against staff, however careful and safe our recruitment practices

This policy will be updated annually and known to everyone working in the school and the governing body. The Governing body takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm.

The school's safeguarding arrangements are inspected by Ofsted under the judgements for behaviour and safety, and leadership and management.

This policy is available on the school website and is referred to in the staff handbook and volunteers' policy.

It will also be available to parents on request.

There will be an annual safeguarding audit questionnaire of safeguarding policy and practice (carried out under section 175 of the Education Act 2002). This will be shared in preparation for the Section 11 audit due in December 2016.

PROVIDING A SAFE AND SUPPORTIVE ENVIRONMENT

Safer Recruitment and Selection

- The school pays full regard to the statutory guidance for schools and colleges; [Keeping Child Safe in Education \(2016\)](#). We ensure that all appropriate measures are applied in relation to everyone who works in the school and who is therefore likely to be perceived by the children as a safe and trustworthy adult. This includes volunteers, supervised volunteers and staff employed by contractors. Safer recruitment practice includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. It also includes undertaking interviews and checks with the [Disclosure and Barring Service \(DBS\)](#).
- Our school endeavours to ensure that we do our utmost to employ safe staff by following the [guidance in Keeping Children Safe in Education \(2016\) together with the LSCB and\] the school's Staff Recruitment policy and procedures \(located in the school's network drive under the School's Policy folder\).](#)

Safer recruitment means that applicants will:

- complete an application form which includes their employment history and explains any gaps in that history
- provide two referees, including at least one who can comment on the applicant's suitability to work with children
- provide evidence of identity and qualifications

- if offered employment, be checked in accordance with the Disclosure and Barring Service (DBS) regulations as appropriate to their role. This will include an enhanced DBS check and a barred list check for those engaged in Regulated Activity
- if offered employment, provide evidence of their right to work in the UK
- be interviewed, if shortlisted.

The school will also:

- verify the preferred candidate's mental and physical fitness to carry out their work responsibilities
- obtain references for all shortlisted candidates, including internal candidates
- carry out additional or alternative checks for applicants who have lived or worked outside the UK
- ensure that applicants for teaching posts are not subject to a prohibition order issued by the Secretary of State.

At least one member of each recruitment panel will have attended safer recruitment training.

All new members of staff will undergo an induction that includes familiarisation with the school's child protection policy and staff behaviour policy and identification of their child protection training needs.

All staff sign to confirm they have received a copy of the child protection policy and staff code of conduct policy.

All relevant staff (if involved in early years settings and/or before or after school care for children under eight) are made aware of the disqualification and disqualification by association legislation and their obligations to disclose relevant information to the school.

The school obtains written confirmation from supply agencies or third party organisations that agency staff or other individuals who may work in the school have been appropriately checked.

Trainee teachers will be checked either by the school or by the training provider, from whom written confirmation will be obtained.

The school maintains a single central record of recruitment checks undertaken.

In addition to obtaining the DBS certificate, anyone who is appointed to carry out teaching work will require an additional check to ensure they are not prohibited from teaching. For those engaged in management roles (in independent schools - including academies and free schools) an additional check is required to ensure they are not prohibited under section 128 provisions.

Individuals who have lived or worked outside the UK must undergo the same checks as all other staff in schools or colleges. In addition, schools and colleges must make any further checks they think appropriate so that any relevant events that occurred outside the UK can be considered. These further checks should include a check for information about any teacher sanction or restriction that an EEA professional regulating authority has imposed, using the NCTL Teacher Services' system. Although restrictions imposed by another EEA regulating authority do not prevent a person from taking up teaching positions in England, schools and colleges should consider the circumstances that led to the restriction or sanction being imposed when considering a candidate's suitability for employment.

Regulated Activity

Schools are „specified places“ which means that the majority of staff and volunteers will be engaged

in regulated activity. A fuller explanation of regulated activity can be found in Keeping Children Safe in Education (2016) part three.

Volunteers

Volunteers, including governors will undergo checks commensurate with their work in the school and contact with pupils. Under no circumstances will a volunteer who has not been appropriately checked be left unsupervised or be allowed to engage in regulated activity.

Supervised volunteers

Volunteers who work only in a supervised capacity and are not in regulated activity will undergo the safe recruitment checks appropriate to their role, in accordance with the school's risk assessment process and statutory guidance.

Contractors

The school checks the identity of all contractors working on site and requests DBS checks and barred list checks where required by statutory guidance. Contractors who have not undergone checks will not be allowed to work unsupervised or engage in regulated activity.

This school is committed to keeping an up to date single central record detailing a range of checks carried out on our staff

Mr A Keekeebhai
Mr I Sidyot

(Headteacher)
(School Governor)

Safe Practice

Our school will comply will comply with the current [Guidance for Safer Working Practice for Adults who work with Children and Young People](#) and ensure that information in this guidance regarding conduct, is known to all staff, visitors and volunteers who come into the school.

Safe working practice ensures that pupils are safe and that all staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions;
- work in an open and transparent way;
- work with other colleagues where possible in situations that could be open to question
- discuss and/or take advice from school management over any incident which may give rise for concern;
- record any incidents or decisions made;
- apply the same professional standards regardless of diversity
- issues; be aware of information-sharing and confidentiality policies;
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

Helping children to keep themselves safe

Children are taught to understand and manage risk through our personal, social, health and economic (PSHE) education lessons and through all aspects of school life. Our approach is designed to help children to think about risks they may encounter and with the support of staff work out how those risks might be reduced or managed. Discussions about risk are empowering and enabling for all children and promote sensible behaviour rather than fear or anxiety. Children are taught how to conduct themselves and how to behave in a responsible manner. Children are also reminded regularly about e-safety, the risks of sharing content and images online and tackling bullying, including cyber bullying procedures. The school continually promotes an ethos of respect for children, and pupils are encouraged to speak to a member of staff of their choosing about any worries they may have.

All pupils know there is designated safeguarding lead responsible for safeguarding and who this is; that they have a right to speak to this member of staff in confidence. They are reminded that confidentiality cannot be guaranteed, but that they will be listened to, heard and informed of what steps can be taken to protect them from harm and that feedback will be sought, so that their views about actions are known.

Partnership with Parents

The school shares a purpose with parents to educate and keep children safe from harm and to have their welfare promoted. We are committed to working with parents positively, openly and honestly. We ensure that all parents are treated with respect, dignity and courtesy. We respect parents' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it

is necessary to do so in order to protect a child.

The school will, in most circumstances, endeavour to discuss all concerns with parents about their children. However, there may be exceptional circumstances when the school will discuss concerns with Social Care and/or the Police without parental knowledge (in accordance with the London Child Protection procedures). The school will, of course, always aim to maintain a positive relationship with all parents. The school's safeguarding policy is available on request.

Partnerships with others

Our school recognises that it is essential to establish positive and effective working relationships with other agencies that are partners of the Waltham Forest Safeguarding Children Board. There is a joint responsibility on all these agencies to share information to ensure the safeguarding of all children.

School Training and Staff Induction

The school's designated safeguarding lead and governor with designated responsibility for safeguarding will undertake child protection training for designated safeguarding leads and refresher training at two yearly intervals.

All other school staff, including non-teaching staff, will undertake appropriate induction training and safeguarding/child protection training to enable them to carry out their responsibilities for safeguarding effectively, which will be updated regularly.

All staff (including temporary staff, volunteers, supervised volunteers and staff employed by contractors) are provided with the school's safeguarding policy and informed of school's safeguarding arrangements on induction.

Support, Advice and Guidance for Staff

Staff will be supported by Mr A Keekeebhai and Mr H Patel (DSL and Deputy DSL respectively). The DSL will be supported by Mr I Sidyot.

The DSL will know how to access the on-line London Child Protection Procedures.

If you are not sure whether or not to make a referral to Children's Social Care, you can contact the Waltham Forest Multi Agency Safeguarding Hub (MASH) Team/Children's Referral and Advice Team [based at Juniper House](#).

[See Appendix 2 – Key Contacts for Child Protection Issues in Waltham Forest](#)

Related School Policies

Safeguarding covers more than the contribution made to child protection in relation to individual children. It also encompasses issues such as pupil health and safety, bullying and a range of other issues, for example, arrangements for meeting the medical needs of children providing first aid, school security, drugs and substance misuse, positive behaviour etc. There may also be other safeguarding issues that are specific to the local area or population.

Bullying

While bullying between children is not a separate category of abuse and neglect, it is a very serious issue that can cause considerable anxiety and distress. At its most serious level, bullying can have a disastrous effect on a child's wellbeing and in very rare cases has been a feature in

the suicide of some young people.

All incidences of bullying, including cyber-bullying and prejudice-based bullying should be reported and will be managed through our tackling-bullying procedures. All pupils and parents receive a copy of the procedures on joining the school and the subject of bullying is addressed at regular intervals in PSHE education. If the bullying is particularly serious, or the tackling bullying procedures are deemed to be ineffective, the headteacher and the DSL will consider implementing child protection procedures.

E-Safety

The school recognises that its pupils will use mobile phones and computers at some time. They are a source of fun, entertainment, communication and education.

Our pupils increasingly use electronic equipment on a daily basis to access the internet and share content and images via social networking sites such as Facebook, Twitter, MSN, tumblr, Snapchat and Instagram.

Unfortunately some adults and young people will use these technologies to harm children. The harm might range from sending hurtful or abusive texts and emails, to grooming and enticing children to engage in sexually harmful conversations, webcam photography or face-to-face meetings. Pupils may also be distressed or harmed by accessing inappropriate websites that promote unhealthy lifestyles, extremist behaviour and criminal activity.

The school's **e-safety policy** (located in the school's network drive under the School's Policy folder) explains how we try to keep pupils safe in school and protect and educate pupils in the safe use of technology. Cyberbullying and sexting by pupils will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures. Serious incidents may be managed in line with our sexual exploitation policy or child protection procedures.

Many pupils own or have access to hand held devices and parents are encouraged to consider measures to keep their children safe when using the internet and social media at home and in the community. Parents are encouraged to take up the free e-safety workshop provided by the school on a yearly basis. Rules for students on site on-line usage can be found in their school diary. All staff receive e-safety training and the school's e-safety coordinator is Mr M Ahmed.

Chatrooms and social networking sites are the most obvious sources of inappropriate and harmful behaviour, which pupils are not allowed to access in school. Some pupils will undoubtedly „chat“ on mobiles or social networking sites at home and parents are encouraged to consider measures to keep their children safe when using social media.

The school has an **e-safety policy** that is known to all staff and pupils.

The school will ensure children are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This may include covering relevant issues through personal, social, health and economic education (PSHE), tutorials.

Whilst it is essential that the school ensures that appropriate filters and monitoring systems are in place, it should be careful that—over blockingll does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

Photography and Images

The vast majority of people who take or view photographs or videos of children do so for entirely innocent, understandable and acceptable reasons. Sadly, some people abuse children through taking or using images, so we must ensure that we have some safeguards in place.

To protect pupils we will:

- seek their consent for photographs to be taken or published (for e.g. on our website or in newspapers or publications)
- seek parental consent
- use only the pupil's first name with an image
- ensure pupils are appropriately dressed
- encourage pupils to tell us if they are worried about any photographs that are taken of them

Children Missing Education (CME) and Children Missing from Education (CMfE)

Attendance, absence and exclusions are closely monitored. A child going missing from education is a potential indicator of abuse and neglect, including sexual abuse and sexual exploitation. The DSL will monitor unauthorised absence and take appropriate action including notifying the local authority, particularly where children go missing on repeated occasions and/or are missing for periods during the school day. Staff must be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.

The school follows the Safeguarding Children Practice Guidance; Children Missing from School from the London Child Protection Procedures and will refer all cases of concern to their Education Welfare Officer (EWO) or Attendance Lead and Children's Social Care.

Where parents inform our school that they wish to 'home educate' their child, our school will inform the Local Authorities Education Welfare Service (EWS) and the School Admissions Service who will implement the —Elective Home Education" procedure.

In Waltham Forest, the Social Inclusion Service within Education is responsible for the delivery of CME (Children Missing Education) duties defined by the Education Act Amendments.

In Waltham Forest, the Education Welfare Service within Early Help is responsible for agreeing and monitoring CMfE (Children Missing from Education) with the Procedures for Once a School Place has Been Offered.

Extended School and Off-Site Arrangements

Where extended school activities are provided by and managed by the school, our own safeguarding policy and procedures apply. If other organisations provide services or activities on our site we will check that they have appropriate procedures in place, including safer recruitment procedures.

When our pupils attend off -site activities which are arranged and supervised by the school, including day and residential visits and work related activities, we will check that effective safeguarding arrangements are in place.

Confidentiality

The school will operate with regard to [Information Sharing: Guidance for practitioners and managers \(2015\)](#), and have a clear and explicit confidentiality policy.

—Where there is a concern that the child may be suffering or is at risk of suffering significant harm, the child's safety and welfare must be the overriding consideration.—

The school policy should indicate:

- a) When information must be shared with police and social care where the child/young person is / may be at risk of significant harm
- b) When the pupil's and/or parent's confidentiality must not be breached
- c) That information is shared on a need to know basis

Pupil Information

The School's record-keeping policy for child welfare and child protection is consistent with DfE guidance, which is known to all staff.

In order to keep children safe and provide appropriate care for them, our school requires accurate and up to date information regarding:

- names and contact details of persons with whom the child normally lives
- names and contact details of all persons with parental responsibility (if different from above)
- emergency contact details (if different from above)
- details of any persons authorised to collect the child from school (if different from above)
- any relevant court orders in place including those, which affect any person's access to the child (e.g. Residence Order, Contact Order, Care Order, Injunctions etc.)
- if the child is or has been subject to a child protection or care
- plan name and contact detail of G.P.
- any other factors which may impact on the safety and welfare of the child

The school will collate, store and agree access to this information.

All child protection documents will be retained in a „Child Protection“ file, separate from the child's main file. The main file will clearly show an alert that a child protection file exists and the location of this. This child protection file will be locked away and only accessible to the head teacher and the designated safeguarding lead. These records will be copied and transferred to any school or setting the child moves to, clearly marked „Child Protection, Confidential, for attention of Designated Person Child Protection. Original copies will be retained according to school policy on retention of records.

Roles and Responsibilities

Our Governing Body will ensure that:

- the school has a safeguarding policy and procedures in place that are in accordance with local authority guidance and locally agreed inter-agency procedures, and the policy is made available to parents on request;
 - the school operates safer recruitment procedures and makes sure that all appropriate checks are carried out on staff and volunteers who work with children;
 - the school follows the London Child Protection procedures for dealing with allegations of abuse against staff and volunteers
 - a senior member of the school's leadership team is designated to take lead responsibility for safeguarding (and deputy);
 - they have a named governor lead for safeguarding;
 - staff undertake appropriate safeguarding/child protection training, at regular intervals;
 - they remedy, without delay, any deficiencies or weaknesses regarding safeguarding arrangements;
 - a governor is nominated to be responsible for liaising with the LA and /or partner agencies in the event of allegations of abuse being made against the head teacher ;
 - where services or activities are provided on the school premises by another body, the body concerned has appropriate policies and procedures in place in regard to safeguarding children and liaises with the school on these matters where appropriate;
 - they review their policies and procedures annually and provide information to the LA about them and about how the above duties have been discharged
- mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in part one of KSCIE Sep. 2016.

Our Headteacher will ensure that:

- The policies and procedures adopted by the Governing Body or Proprietor are fully implemented, and followed by all staff;
- Sufficient resources and time are allocated to enable the designated person and the deputy to carry out their roles effectively including the assessment of pupils and attendance of

strategy discussions and other necessary meetings; for e.g. child protection conferences and core group meetings;

- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regard to children, and such concerns are addressed sensitively and effectively in a timely manner in accordance with the agreed [Whistle Blowing Policy \(Appendix 3\)](#);
- All pupils are provided with opportunities throughout the curriculum to learn about safeguarding, including keeping themselves online;
- They have completed the on-line Safer Recruitment training;
- The procedure for managing allegations against staff is known to staff and displayed in staff rooms;
- Operate the procedure for managing allegations effectively and refer relevant concerns to the Local Authority Designated Officer (LADO);
- That anyone who has harmed or may pose a risk to a child is referred to the DBS;
- A deputy senior manager is appointed to deal with allegations against staff in the absence of the head teacher.

Senior Member of Staff with Designated Responsibility for Child Protection will:

Referrals

- Refer cases of suspected abuse or allegations to children's social care and maintain a record of all referrals;
- Act as a source of support, advice and expertise within the educational establishment and have access to the online London Child Protection Procedures;
- Liaise with the headteacher to inform him/her of any issues and ongoing investigations and ensure there is always cover for this role;

Training

- Recognise how to identify signs of abuse and know when it is appropriate to make a referral;
- Have knowledge of the escalation policy, the Local Authority Designated Officer (LADO) role, conduct of a child protection case conference and be able to attend and contribute to these;
- Ensure that all staff have access to and understand the school's safeguarding policy;
- Ensure that all staff have induction training;
- Keep detailed, accurate and secure written records;
- Obtain access to resources and attend any relevant or refresher training courses every two years.

Raising Awareness

- Ensure the safeguarding policy is updated and reviewed annually and work with the Governing Body regarding this;
- Ensure parents are made aware of the safeguarding policy which alerts them to the fact that referrals may be made and the role of the establishment in this to avoid conflict later;
- Where a child leaves the establishment, ensure the child protection file is copied for the new establishment ASAP and transferred to the new school separately from the main pupil file, as well as ensure the pupil's social worker is informed.

All staff and volunteers will:

Fully comply with the school's policies and procedures, attend appropriate training and inform the designated safeguarding lead of any concerns.

IDENTIFYING CHILDREN AND YOUNG PEOPLE WHO MAY BE SUFFERING SIGNIFICANT HARM

Teachers and other adults in school are well placed to observe any physical, emotional or behavioural signs, which indicate that a child may be suffering significant harm. The relationships between staff, pupils, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns.

Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child.

As in the Children Acts 1989 and 2004, a **child** is anyone who has not yet reached his/her 18th birthday.

Harm means ill-treatment or impairment of health and development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another; **Development** means physical, intellectual, emotional, social or behavioural development; **Health** includes physical and mental health; **Ill-treatment** includes sexual abuse and other forms of ill-treatment which are not physical.

Abuse and Neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm or failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them, or, more rarely, by a stranger. They may be abused by an adult or adults, another child, children or young people. **There are four categories of abuse; physical abuse, emotional abuse, sexual abuse and neglect.**

Child protection procedures

Recognising abuse

To ensure that our pupils are protected from harm, we need to understand what types of behaviour constitute abuse and neglect.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.

Abuse and neglect are forms of maltreatment. Somebody may abuse or neglect a child by inflicting harm, for example by hitting them, or by failing to act to prevent harm, for example by leaving a small child home alone, or leaving knives or matches within reach of an unattended toddler.

Abuse may be committed by adult men or women and by other children and young people.

Four categories of abuse:

Physical Abuse

Physical abuse is a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may

also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. (This used to be called Munchausen's Syndrome by Proxy, but is now more usually referred to as fabricated or induced illness).

Emotional Abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or „making fun“ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social

interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Definitions taken from *Keeping Children Safe in Education* 2016.

Children who may be particularly vulnerable

Some children may have an increased risk of abuse. It is important to understand that this increase in risk is due more to societal attitudes and assumptions or child protection procedures that fail to acknowledge children's diverse circumstances, rather than the individual child's personality, impairment or circumstances. Many factors can contribute to an increase in risk, including prejudice and discrimination, isolation, social exclusion, communication issues and a reluctance on the part of some adults to accept that abuse can occur.

To ensure that all of our pupils receive equal protection, we will give special consideration to children who are:

- disabled or have special educational
- needs young carers
- affected by parental substance misuse, domestic violence or parental mental health
- needs asylum seekers
- living away from home
- vulnerable to being bullied, or engaging in
- bullying living in temporary accommodation
- live transient lifestyles
- living in chaotic and unsupportive home situations
- vulnerable to discrimination and maltreatment on the grounds of race, ethnicity, religion, disability or sexuality
- at risk of sexual exploitation
- do not have English as a first language

- at risk of female genital mutilation
- (FGM) at risk of forced marriage
- at risk of being drawn into extremism.

This list provides examples of additionally vulnerable groups and is not exhaustive. Special consideration includes the provision of safeguarding information and resources in community languages and accessible formats for children with communication needs.

Female Genital Mutilation (FGM)

FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM.

FGM refers to procedures of any alteration involving partial or total removal of the external female genital organs. The procedure may lead to short term and long-lasting harmful consequences such as death, trauma, infections, flashbacks, infertility, kidney problems, sexual dysfunctions, incontinence, post-traumatic stress disorder etc. It is known to be practised in the North African countries, the Middle-East, Indonesia, Malaysia, India and Pakistan. However, with migration worldwide it is also practised in the UK, the USA, Canada, Australia etc.

One of the prominent reasons for the practice is to suppress women's sexual desire. There is a social pressure on women to undergo the procedure otherwise they may be segregated by their peers, or labelled —unclean. Furthermore, FGM is often a requirement for getting married in practicing communities. FGM is not a religious practice.

Indicators

There is a range of potential indicators that a girl may be at risk of FGM.

FGM often takes place in the summer holidays, as the recovery period after FGM can be 6 to 9 weeks. Professionals should be mindful of at risk times when children go on long holidays and/or are getting a visit by female elder from their country of origin. Additionally, girls are considered at risk where their mother or sisters have undergone FGM, and girls are talking about a „special“ event or procedure to „become a woman.“

The post FGM symptoms include, but are not limited to, difficulty in walking, sitting or standing, spending longer than normal in the bathroom or toilet, unusual behaviour after a lengthy absence, reluctance to undergo normal medical examinations, and asking for help but not be explicit about the problem due to embarrassment or fear. They can sometimes ask about their friend's problem rather than their problem. **Professionals should raise an alert to child social care via the MASH if they have any FGM concerns.**

Further information on warning signs that FGM may be about to take place, or may have already taken place, can be found on pages 16-17 of the Multi-Agency Practice Guidelines , and Chapter 9 of those Guidelines (pp42-44), which focuses on the role of schools and colleges.

Actions

The United Nations addresses FGM as violation of human rights. In the UK FGM is a criminal offence and a harmful form of child abuse. It is illegal to practice in the UK and/or anyone involved in taking girl outside of the UK to have FGM carried out will be punished under the FGM act 2003 and Serious Crime Act 2015. LBWF follows a comprehensive approach comprising prevention, punishment, enforcement, support and protection measures to safeguard young girls from FGM.

If staff have a concern they should activate local safeguarding procedures via the MASH, using existing national and local protocols for multi-agency liaison with police and children's social care. When mandatory reporting commences in October 2015 (see below) these procedures will remain when dealing with concerns regarding the potential for FGM to take place. Where a teacher discovers that an act of FGM appears to have been carried out on a girl who is aged under 18, there will be a statutory duty upon that individual to report it to the police.

Mandatory Reporting Duty

Section 5C of the Female Genital Mutilation Act 2003 (as inserted by section 75 of the Serious Crime Act 2015) gives the Government powers to issue statutory guidance on FGM to relevant persons. Once the government issues any statutory multi-agency guidance this will apply to schools and colleges.

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) will place a statutory duty upon teachers¹, along with social workers and healthcare professionals, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils – it is likely that discovery will be made by disclosure by the student, parent or otherwise. These cases **must be referred to police** (via the local CAIT team or by calling 101). **Immediate reporting is required if FGM has been performed recently, and in historical cases, reporting must take place within one month.**

If a teacher, in the course of their work in the profession, discovers that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18, the teacher must report this to the police. See Annex A for further details.

Schools can also:

- Circulate and display materials about FGM
- Display relevant information (for example, details of the NSPCC's Helpline and appropriate black and minority ethnic women's groups)
- Ensure that a private telephone is made available should students need to seek advice discreetly
- Inform colleagues/raise awareness of the issues around FGM – as well as including appropriate training in continuing professional development
- Introduce FGM into the school curriculum in relevant classes, such as personal, social and health education (PSHE), citizenship, religious knowledge, drama and history

PREVENT

At LoK School we are fully aware and committed to the on-going protection and safety of our pupils, staff and wider community in accordance with DfE guidance „*Working together to Safeguard Children*’ (2015) and ‘*Keeping Children Safe in Education*’ (2016). An integral part of that work relates to the governments PREVENT strategy and the duties it places on academic institutions.

Our school is committed to providing a secure environment for pupils, where children feel safe and are kept safe. All adults in our school recognise that safeguarding is everyone’s responsibility irrespective of the role they undertake or whether their role has direct contact or responsibility for children or not. Staff will be alert to issues including:

- Disclosures by pupils of their exposure to the extremist actions, views or materials of others outside of school, such as in their homes or community groups
- Graffiti symbols, writing or art work promoting extremist messages or images
- Pupils accessing extremist material online, including through social networking sites □

Parental reports of changes in behaviour, friendship or actions and requests for assistance

- Use of extremist or „hate” terms to exclude others or incite violence
- Intolerance of difference, whether secular or religious or, in line with our equalities policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture

By continually developing our leadership and accountability practices, staff training opportunities (primarily the Home Office developed WRAP Training), referral systems and management of those referrals, we strive to demonstrate a pro-active and diligent approach to this aspect of our responsibilities as educators and safe-guarders.

Aligned with a consistent delivery of a broad and balanced curriculum and use of the Local Authority-sanctioned Self-Assessment framework, we strive to protect our students - and the wider community - against the threats of extremism, through the promotion of both fundamental values and cohesion amongst our communities.

We also recognise that further information and support is available from the Multi-Agency Safeguarding Hub (0208 496 2310) and the Local Authority’s Community Safety Team (0208 496 3000).

Honour-based violence

The terms —honour crimell or —honour-based violencell or —izzatll embrace a variety of crimes of violence (mainly but not exclusively against women and girls), including assault, imprisonment and murder where the person is being punished by their family or their community. They are being punished for actually, or allegedly, undermining what the family or community believes to be the correct code of behaviour.

In transgressing this correct code of behaviour, the person shows that they have not been properly controlled to conform by their family and this is to the —shamell or —dishonourll of the family. It can be distinguished from other forms of abuse, as it is often committed with some degree of approval and/or collusion from family and/ community members. Victims will have multiple perpetrators not only in the UK; HBV can be a trigger for a forced marriage.

Forced Marriage

A forced marriage is where one or both people do not (or in cases of people with learning disabilities, cannot) consent to the marriage and pressure or abuse is used. It is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights.

The pressure put on people to marry against their will can be physical (including threats, actual physical violence and sexual violence) or emotional and psychological (for example, when someone is made to feel like they're bringing shame on their family). Financial abuse (taking your wages or not giving you any money) can also be a factor.

[The Anti -social Behaviour, Crime and Policing Act 2014](#) makes it a criminal offence to force someone to marry. This includes:

- Taking someone overseas to force them to marry (whether or not the forced marriage takes place)
- Marrying someone who lacks the mental capacity to consent to the marriage (whether they're pressured to or not)
- Breaching a Forced Marriage Protection Order is also a criminal offence

- The civil remedy of obtaining a Forced Marriage Protection Order through the family courts will continue to exist alongside the new criminal offence, so victims can choose how they wish to be assisted
- Details of the new law can be found on the [Legislation website](#)

Young people and adults with support needs are particularly vulnerable to forced marriage because they are often reliant on their families for care, they may have communication difficulties and they may have fewer opportunities to tell anyone outside the family about what is happening to them.

Safeguards for young people and adults with support needs from forced marriage are essentially the same as those without support needs, however agencies do have a role to play in ensuring they are safeguarded, via the MASH. In cases of forced marriage, involving the family and the community may increase the risk of significant harm to the child or young person. The family may deny that the child or young person is being forced to marry and they may expedite any travel arrangements and bring forward the marriage.

Any discussion and agreement-seeking between the family and the Local Authority children's social care should only be done where it will not place a child at increased risk of significant harm. **In cases of forced marriage, discussion with the family or any type of family involvement will often place the child or young person at greater risk of harm.**

What is Child Abuse linked to faith and belief?

There is no agreed definition of or consensus about the concept of 'child abuse linked to faith or belief'. Child abuse linked to faith or belief can be separated into four areas as follows;

- Abuse that occurs as a result of a child being accused of witchcraft or of being a witch
- Abuse that occurs as a result of a child being accused of being 'possessed by spirits' that is, 'spirit possession'
- Ritualistic abuse

- Satanic abuse

The forms the abuse can take include;

- **Physical abuse:** beating, burning, cutting, stabbing, semi-strangulating, tying up the child, or rubbing chilli peppers or other substances on the child's genitals or eyes
- **Emotional abuse:** in the form of isolation {e.g. not allowing a child to share a room with family members or threatening to abandon them}. The child may also be persuaded that they are possessed
- **Neglect:** failure to ensure appropriate medical care, supervision, school attendance, good hygiene, nourishment, clothing or warmth
- **Sexual abuse;** within the family or community, children abused in this way may be particularly vulnerable to sexual exploitation

Where does it take place?

Child Abuse linked to faith and/or belief is not confined to one faith, nationality or ethnic community. Examples have been recorded worldwide among Europeans, Africans, Asians and elsewhere as well as in Christian, Muslim, Hindu and pagan faiths among others.

Not all those who believe in witchcraft or spirit possession harm children. Data on numbers of known cases suggests that only a small minority of people with such beliefs go on to abuse children.

Common factors that put a child at risk of harm include;

- **Belief in evil spirits:** this is commonly accompanied by a belief that the child could 'infect' others with such 'evil'. The explanation for how a child becomes possessed varies widely, but includes through food that they have been given or through spirits that have flown around them;
- **Scapegoating** because of a difference: it may be that the child is being looked after by adults who are not their parents (i.e. privately fostered), and who do not have the same affection for the child as their own children;
- **Rationalising misfortune** by attributing it to spiritual forces and when a carer views a child as being 'different' because of disobedience, rebelliousness, over-independence, bedwetting, nightmares, illness or because they have a perceived or physical abnormality or a disability; Disabilities involved in documented cases included learning disabilities, mental ill health, epilepsy, autism, a stammer and deafness;
- **Changes and / or complexity in family structure or dynamics:** there is research evidence (see Stobart, Child Abuse linked to Accusations of Spirit Possession - see related links) that children become more vulnerable to accusations of spirit possession following a change in family structure (e.g. a parent or carer having a new partner or transient or several partners). The family structure also tended to be complex so that exact relationships to the child were not immediately apparent. This may mean the child is living with extended family or in a private fostering arrangement (see Children Living Away from Home Procedure, Private Fostering - see related link). In some cases, this may even take on a form of servitude;
- **Change of family circumstances for the worse:** a spiritual explanation is sought in order to rationalise misfortune and the child is identified as the source of the problem because they have become possessed by evil spirits. Research evidence is that the family's disillusionment very often had its roots in negative experiences of migration:

In the vast majority of identified cases in the UK to date, the families were first or second generation migrants suffering from isolation from extended family, a sense of not belonging or feeling threatened or misunderstood. These families can also have significantly unfulfilled expectations of quality of life in the UK;

- **Parental difficulties:** a parent's mental ill health appears to be attributed to a child being possessed in a significant minority of cases. Illnesses typically involved include post-traumatic stress disorder, depression and schizophrenia.

The Law in relation to child abuse linked to faith and belief

There are sufficient existing laws within the UK with which to prosecute those responsible for child abuse linked to faith and/or belief thereby negating any need for further more specific offences.

What to do if you suspect a child is at risk from abuse linked to faith and/or belief

Concerns about a child's welfare can vary greatly in terms of their nature and seriousness. If you have concerns about a child, you should ask for help. You should discuss your concerns with your manager, a named or designated professional or a designated member of staff.

For example

- for schools staff (both teaching and non-teaching) concerns should be reported via the schools' or colleges' designated safeguarding lead. The safeguarding lead will usually decide whether to make a referral to children's social care;
- for early years practitioners, the Early Years Foundation Stage sets out that providers should ensure that they have a practitioner who is designated to take a lead responsibility for safeguarding children who should liaise with local statutory children's services agencies:

Private fostering arrangements

A private fostering arrangement occurs when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16, or aged under 18 if the child is disabled. Children looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.

Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.

Most privately fostered children remain safe and well but safeguarding concerns have been raised in some cases so it is important that schools are alert to possible safeguarding issues, including the possibility that a child has been trafficked into the country.

By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify children's services as soon as possible. *(See school or LSCB guidance for further information. Add a weblink or append guidance to this policy)*

Where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the school should notify the local authority of the circumstances.

Domestic Abuse

Domestic abuse is any type of controlling, bullying, threatening or violent behaviour between people in a relationship. But it isn't just physical violence – domestic abuse includes any emotional, physical, sexual, financial or psychological abuse. It can happen in any relationship, and even after the relationship has ended. Both men and women can be abused or be abusers.

Witnessing domestic abuse is really distressing and scary for a child, and causes serious harm. Children living in a home where domestic abuse is happening are at risk of other types of abuse too. Children can experience domestic abuse or violence in lots of different ways. They might:

- see the abuse
- hear it from another room
- see a parent's injuries or distress afterwards
- be hurt by being nearby or trying to stop the abuse.

Domestic abuse can happen in any relationship, and it affects young people too. They may not realise that what's happening is abuse. Even if they do, they might not tell anyone about it because they're scared of what will happen, or ashamed about what people will think.

Child Sexual Exploitation

Child sexual exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly „consensual“ relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it is also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse.

The school includes the risks of sexual exploitation in the PSHE curriculum. A common feature of sexual exploitation is that the child often doesn't recognise the coercive nature of the relationship and doesn't see themselves as a victim. The child may initially resent what they perceive as interference by staff, but staff must act on their concerns, as they would for any other type of abuse.

All staff are made aware of the indicators of sexual exploitation and all concerns are reported immediately to the DSL.

The MASE is the Multi-Agency Sexual Exploitation meeting, which is held on a monthly basis and is co-chaired by Children's Social Care and the Metropolitan Police. The MASE has two purposes:

1. For professionals to refer young people who are at risk of or are experiencing sexual exploitation: who are subject to a plan (Child Protection, Multi-agency or Child in Need) but for whom the risks are not decreasing and specialist advice or support is required
2. To refer information/intelligence about possible venues/people involved in sexual exploitation. This information will then contribute to developing a strategic overview and understanding of sexual exploitation in Waltham Forest

Please see relevant documents below:

- [MAP \(multi-agency planning\) and MASE \(multi-agency sexual exploitation\) meetings](#) - local guidance document
- [WFSCB CSC referral letter](#)
- [WFSCB MASE referral form](#)
- [Pan-London Child Sexual Exploitation operating protocol \(February 2014\)](#)

TAKING ACTION TO ENSURE THAT CHILDREN ARE SAFE AT SCHOOL AND AT HOME

All staff should follow the statutory guidance for schools and colleges; [Keeping Children Safe in Education \(2016\) – Part One: Safeguarding information for all staff.](#)

It is **not** the responsibility of the school staff to investigate welfare concerns or determine the truth of any disclosure or allegation. All staff; however, have a duty to recognise concerns and maintain an open mind. Accordingly all concerns regarding the welfare of pupils will be recorded and discussed with the designated safeguarding lead with responsibility for safeguarding (or the deputy designated safeguarding lead in the absence of the designated person) prior to any discussion with parents.

Staff must immediately report:

- Any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play

- Any explanation given which appears inconsistent or suspicious
- Any behaviours which give rise to suspicions that a child may have suffered harm
- Any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment
- Any concerns that a child is presenting signs or symptoms of abuse or neglect
- Any significant changes in a child's presentation, including non-attendance
- Any hint or disclosure of abuse about or by a child / young person
- Any concerns regarding person(s) who may pose a risk to children (e.g. living in a household with children present)
- Information which indicates that the child is living with someone who does not have parental responsibility for them (private fostering)

If you are concerned about a pupil's welfare (As Opposed to a child being in immediate danger or at risk of harm, refer to section below)

There will be occasions when staff may suspect that a pupil may be at risk, but have no „real“ evidence. The pupil's behaviour may have changed, their artwork could be bizarre, they may write stories or poetry that reveal confusion or distress, or physical but inconclusive signs may have been noticed. In these circumstances, staff will try to give the pupil the opportunity to talk. The signs they have noticed may be due to a variety of factors, for example, a parent has moved out, a pet has died, a grandparent is very ill or an accident has occurred. It is fine for staff to ask the pupil if they are OK or if they can help in any way.

Staff should use the welfare concern form to record these early concerns. If the pupil does begin to reveal that they are being harmed, staff should follow the advice below. Following an initial conversation with the pupil, if the member of staff remains concerned, they should discuss their concerns with the DSL.

Concerns which do not meet the threshold for child protection intervention will be managed through the Early Help process.

A child being in immediate danger or at risk of harm

If a child is in immediate danger or is at risk of harm, a referral should be made to children's social care and/or the police immediately. Anyone can make a referral. Where referrals are not made by the designated safeguarding lead, the designated safeguarding lead should be informed as soon as possible that a referral has been made. Reporting child abuse to your local council directs staff to their local children's social care contact number.

Responding to Disclosure

Disclosures or information may be received from pupils, parents or other members of the public. The school recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly all staff will handle disclosures with sensitivity. Such information cannot remain confidential and staff will immediately communicate what they have been told to the designated person and make a contemporaneous record.

Principles

Staff will not investigate but will, wherever possible, listen, record and pass on information to the designated safeguarding lead in order that s/he can make an informed decision of what to do next.

Staff will:

- Listen to and take seriously any disclosure or information that a child may be at risk of harm
- Clarify the information

- Make a written record of what the child has said using the [Record Form \(Appendix 4\)](#)
- Try to keep questions to a minimum and of an „open“ nature e.g. „Can you tell me what happened?“ rather than „Did x hit you?“
- Try not to show signs of shock, horror or surprise
- Not express feelings or judgements regarding any person alleged to have harmed the child
- Explain sensitively to the person that they have a responsibility to refer the information to the designated safeguarding lead
- Reassure and support the person as far as possible
- Explain that only those who „need to know“ will be told

- Explain what will happen next and that the person will be involved as appropriate

Action by the Designated Safeguarding Lead (or the Deputy Designated Safeguarding Lead in their absence)

Key points for staff to remember for taking action are:

- in an emergency take the action necessary to help the child, if necessary call 999
- report your concern as soon as possible to the DSL, definitely by the end of the day
- do not start your own investigation
- share information on a need-to-know basis only – do not discuss the issue with colleagues, friends or family
- complete a record of concern
- seek support for yourself if you are distressed.

In June 2015 the local authority launched a Single Request for Help, Support and Protection, an integral part of this development was a single referral point into Children’s Social Care and Early Help within MASH. This process helps to ensure that there is:

- Timeliness of screening decisions**
- Consistency of threshold decisions**
- Outcomes from the single request**
- Responses to referrers**
- Timeliness of allocations following screening decisions**

Following any information raising concern, the designated safeguarding lead will:

- Consider the child’s wishes and feelings, but not promise confidentiality
- Consider any urgent medical needs of the child
- Make an immediate Request for Help, Support and Protection to Waltham Forest MASH Team if there has been a disclosure and/or allegation of abuse or there are clear grounds for concerns about the child’s safety and well-being
- Review Action when a child has suffered or is likely to suffer harm (Appendix 5) and Early help and threshold criteria for intervention
- Consult with a member of Waltham Forest MASH Team at Juniper House if they are uncertain whether or not a referral is required

In consultation with Waltham Forest MASH Team at Juniper House, decide:

- Wherever possible, to talk to parents, unless to do so may place a child at risk of significant harm, impede any police investigation and/or place the member of staff or others at risk
 - Whether to make a child protection referral to social care because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately
 - Contact the designated officer for safeguarding in another agency if that agency is working with the family
- OR**
- Not to make a referral at this stage, but retain the information in written notes on the child’s school file
 - If further monitoring is necessary and agree who and how this will be undertaken
 - If it would be appropriate to undertake an Early Help Assessment and/or make a referral for other services

All information and actions taken, including the reasons for any decisions made, will be fully documented. All referrals to social care for children living in Waltham Forest needs to be completed using the Request for Help, Support and Protection

Action following a child protection referral

The designated safeguarding lead or other appropriate member of staff will:

- Maintain contact with the allocated Social Worker
- Contribute to the Strategy Discussion and Strategy Meeting
- Provide a report for, attend and contribute to any Initial and Review Child Protection Conference
- Share the content of this report with the parent, prior to the meeting
- Attend Core Group Meetings for any child subject to a Child Protection Plan or Child in Need Meeting for any child subject to a Child in Need Plan
- Where a child on a Child Protection Plan moves from the school or goes missing, immediately inform the key worker in Social Care

Dealing with Disagreement and Escalation of Concerns

The designated safeguarding lead or other appropriate member of staff will:

- Contact the line manager in children's social care if they consider that the social care response to a referral has not led to the child being adequately safeguarded and follow this up in writing
- Contact the line manager in children's social care if they consider that the child is not being adequately safeguarded by the child protection plan and follow this up in writing
- Use the [Escalation Policy \(Appendix 7\)](#) if this does not resolve the concern

Supporting the Child and working in Partnership with Parents

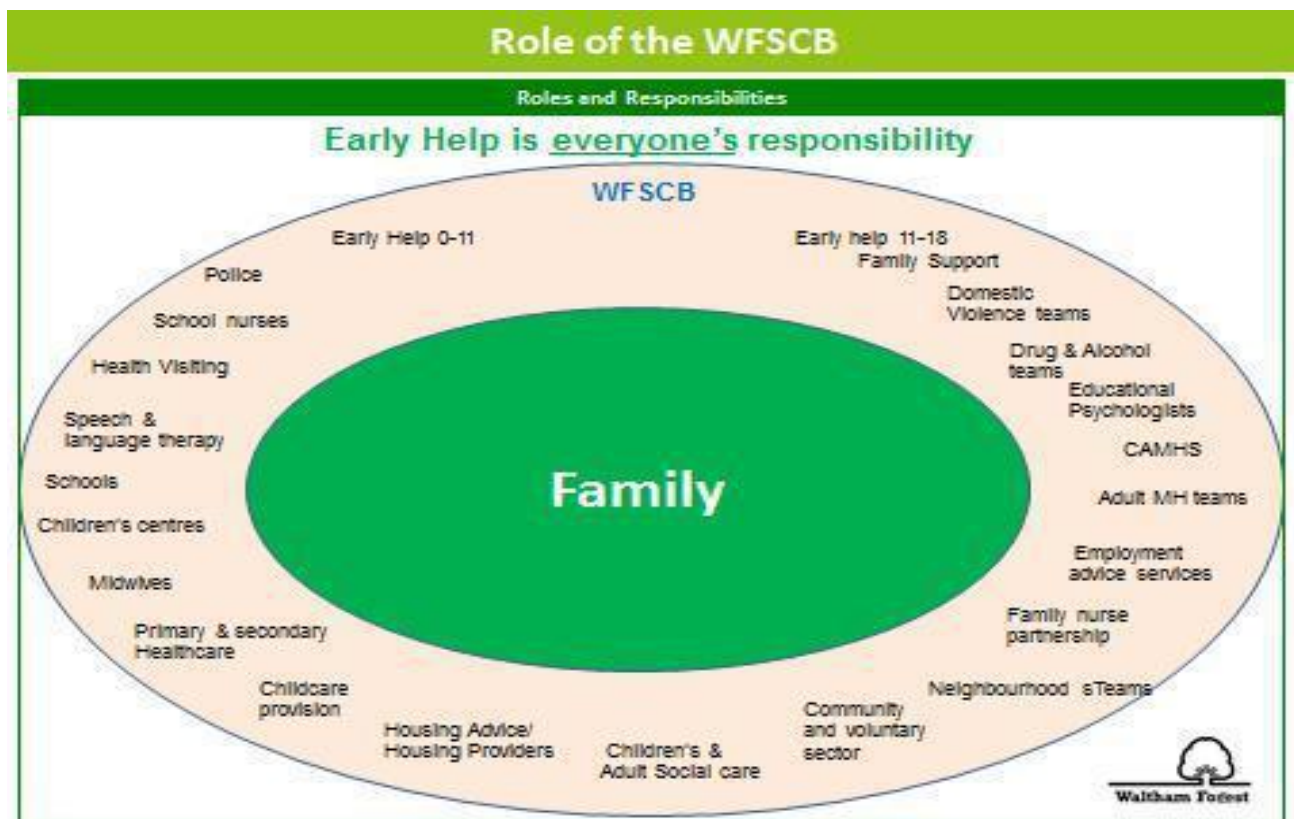

- We will provide a secure, caring, supportive and protective relationship for the child
- The school recognises that the child's welfare is paramount. Good child protection practice and a good outcome for the child relies on a positive, open and honest working partnership with parents
- Whilst we may, on occasion, need to make referrals without consultation with parents, we will make every effort to maintain a positive working relationship with them whilst fulfilling our duties to protect any child
- Children will be given a proper explanation (appropriate to age & understanding) of what action is being taken on their behalf and why
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child and parents. The Designated Safeguarding Lead will determine which members of staff —need to know personal information and what they —need to know for the purpose of supporting and protecting the child

Early Help

Early Help is everyone's business and practitioners working in universal and targeted services need to be aware of their role in delivering Early Help so that Children and Families receive the right help, at the right time, by the right people, for the right reasons, where they can access it best.

School Practitioners need to assess need using the Early Help Assessment Form and ensure that assessed need is recorded. Assessments carried out with the family provide a better analysis and Plans can be developed with families to help them achieve better outcomes.

Practitioners need to use the process of assessment as a way of engaging with other practitioners who may already be working with the child and their family, or to bring on board new practitioners who would be able to provide support and advice to the family. This work should be coordinated via team around the family meeting, chaired by the lead professional.

Practitioners can assess further advice and information from the website <http://www.walthamforest.gov.uk/earlyhelp> where a copy of the Early Help Assessment Form can be found. All the information for Early Help is on [The Hub](#) and on the website.

Assessed need is recorded on the actual Early Help Assessment and will be stored centrally by the Early Help Service when submitted to the inbox: EarlyHelp@walthamforest.gov.uk

The Early Help Co-ordinators will assist you with your EHA and convening initial Team around the Family Meetings (TAFs) where a case is complex. In most cases, this will allow for the co-ordination of all appropriate services with an identified Lead Professional for the family.

If you are uncertain who your Early Help Co-ordinator is please send an email to the above address and someone from the team will be in-touch.

It is recognised that for some families to —receive the right help at the right time, additional support may be needed from the LA's Early Help service or from Children's Social Care before an Early Help Assessment has been concluded by using the single request for help and support or protection. The request for Help, Support and Protection form also acts as the first part one of the Early Help Assessment and dovetails with it so that the assessment can be continued by the school practitioner if appropriate, in the future.

There will be varying degrees of consent in some cases i.e. consent to do the EHA but only shared with certain people. Consent should always be discussed with parents and their wishes respected.

Communication and engagement with parents is critical to informed consent. It is hoped in the majority of cases parents will see the EHA as something supportive and helpful.

The request for Help, Support and Protection form is available for the website:

<http://www.walthamforest.gov.uk/earlyhelp>

What staff should do if they have concerns about safeguarding practices within the school or college

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or college's safeguarding regime and know that such concerns will be taken seriously by the senior leadership team.

The school's whistleblowing procedures, staff training and staff behaviour policies for such concerns to be raised should be referred to also.

Where a staff member feels unable to raise an issue with the school or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- General guidance can be found at- Advice on whistleblowing

- The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally.

Staff can call 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and email: help@nspcc.org.uk

Allegations regarding person(s) working in or on behalf of the school (including volunteers)

When an allegation is made against a member of staff, set procedures must be followed. It is rare for a child to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events do happen.

A child may also make an allegation against an innocent party because they are too afraid to name the real perpetrator. Even so, we must accept that some professionals do pose a serious risk to pupils and we must act on every allegation.

Staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly and consistently and to be kept informed of its progress. Suspension is not the default option and alternatives to suspension will always be considered. In some cases, staff may be suspended where this is deemed to be the best way to ensure that children are protected. In the event of suspension the school will provide support and a named contact for the member of staff.

The full procedures for dealing with allegations against staff can be found in *Keeping Children Safe in Education (DfE, 2016)* and in the school's Managing Allegations policy and procedures.

Staff, parents and governors are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing, including content placed on social media sites.

Allegations concerning staff who no longer work at the school, or historical allegations will be reported to the police.

Where an allegation is made against any person working in or on behalf of the school that he or she has:

- a. behaved in a way that has harmed a child or may have harmed a child;
- b. possibly committed a criminal offence against or related to a child; or
- c. behaved towards a child or children in a way that indicates he or she would pose a risk of harm if they work regularly or closely with children (refer to statutory guidance for schools and colleges; **Keeping Children Safe in Education (2016)**)

We will apply the same principles as in the rest of this document, as well as always follow the procedures outlined in the above-mentioned document. This includes allegations against staff in their personal lives.

Whilst we acknowledge such allegations, (as all others), may be false, malicious or misplaced, we also acknowledge they may be founded. It is, therefore, essential that all allegations are investigated properly, in line with agreed procedures and outcomes recorded.

Initial Response to an allegation or concern:

Initial Action by person receiving or identifying an allegation or concern

- Treat the matter seriously and keep an open mind
- Make a written record of the information using the [Record Form \(Appendix 4\)](#) , including the time, date and place of incident/s, persons present and what was said and sign and date this
- Immediately report the matter to the most senior person in the organization.

Initial Action by the Designated Safeguarding Lead (The DSL will normally be the Head Teacher). If the DSL is the subject of the allegation, then the Chair of Governors will take the following action.

- Obtain written details of the concern or allegation, but do not investigate or interview child, adult or witnesses
- Contact the LADO within 1 working day
- Discuss with the LADO next steps using the [London Child Protection Procedures Flow Charts Allegations/Concerns Against Staff \(Appendix 8\)](#)
- Inform the Chair of Governors of the allegation

Subsequent Action by the Designated Safeguarding Lead

- Conduct a disciplinary investigation, if an allegation indicates the need for this
- Contribute to the child protection process by attending professional strategy meetings
- Maintain contact with the LADO
- Ensure clear and comprehensive records regarding the allegation, and action taken and outcome are retained on the staff member's personnel file
- Consider along with Human Resources and the LADO whether a referral to the DBS should be made

Children who harm others

Our school recognises that the harm caused to children by the harmful and bullying behaviour of other children can be significant.

Children who harm others should be held responsible for their harmful behaviour and the school staff alerted to the fact that they are likely to pose a risk to other children in the school, home and community.

Where this harm involves sexual abuse, serious physical or serious emotional abuse, the safeguarding procedures set out in this policy will be applied.

This school recognises that children who harm others are likely to have considerable needs themselves and may have experienced or be experiencing significant harm themselves.

Harmful Sexual Behaviour in Education Settings

If a school or education setting has concerns about a child or young person exhibiting sexualised or harmful sexual behaviour they should first screen the incident(s) using the „AIM for Education Settings“ tool (unless the incident warrants immediate police intervention). The outcome of this assessment will guide the school with regard to subsequent referrals, internal risk management, strategies and intervention.

Unless the outcome of the assessment is „Healthy“, the school should then compile a chronology of relevant incidents to support pattern mapping. This will then inform the school's Safety and Support plan both for the child that *has* harmed and the child that *has been* harmed. Throughout the process it is desirable that parents are engaged and informed. The local authority HSB lead are available to provide support, which is supplemented by detailed guidance and support in the AIM for Education Settings manual.

Harmful Sexual Behaviour (HSB): Local Authority Support for Schools

Much of the assessment guidance and resources derive from the AIM Project, who provide a range of training in this area. Most schools will have a member of staff trained in the AIM Education Guidelines and have an AIM Manual.

Referrals

Where a child has caused significant harm to another child, through sexual abuse or serious physical or emotional abuse, the school will make a request for help, support and protection for both the victim and perpetrator.

Our school will be mindful of the sections in the London Child Protection Procedures concerning —Harming Others^{ll} and —Sexually Active Children^{ll} and work closely with social care, the police and other agencies following the investigation of a referral.

Inter-agency working

the school will contribute to inter-agency working in line with statutory guidance Working together to safeguard children. The School will work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. The school will allow access for children's social care from the host local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment.

The school's safeguarding arrangements take into account the procedures and practice of the local authority as part of the inter-agency safeguarding procedures set up by the LSCB. This includes

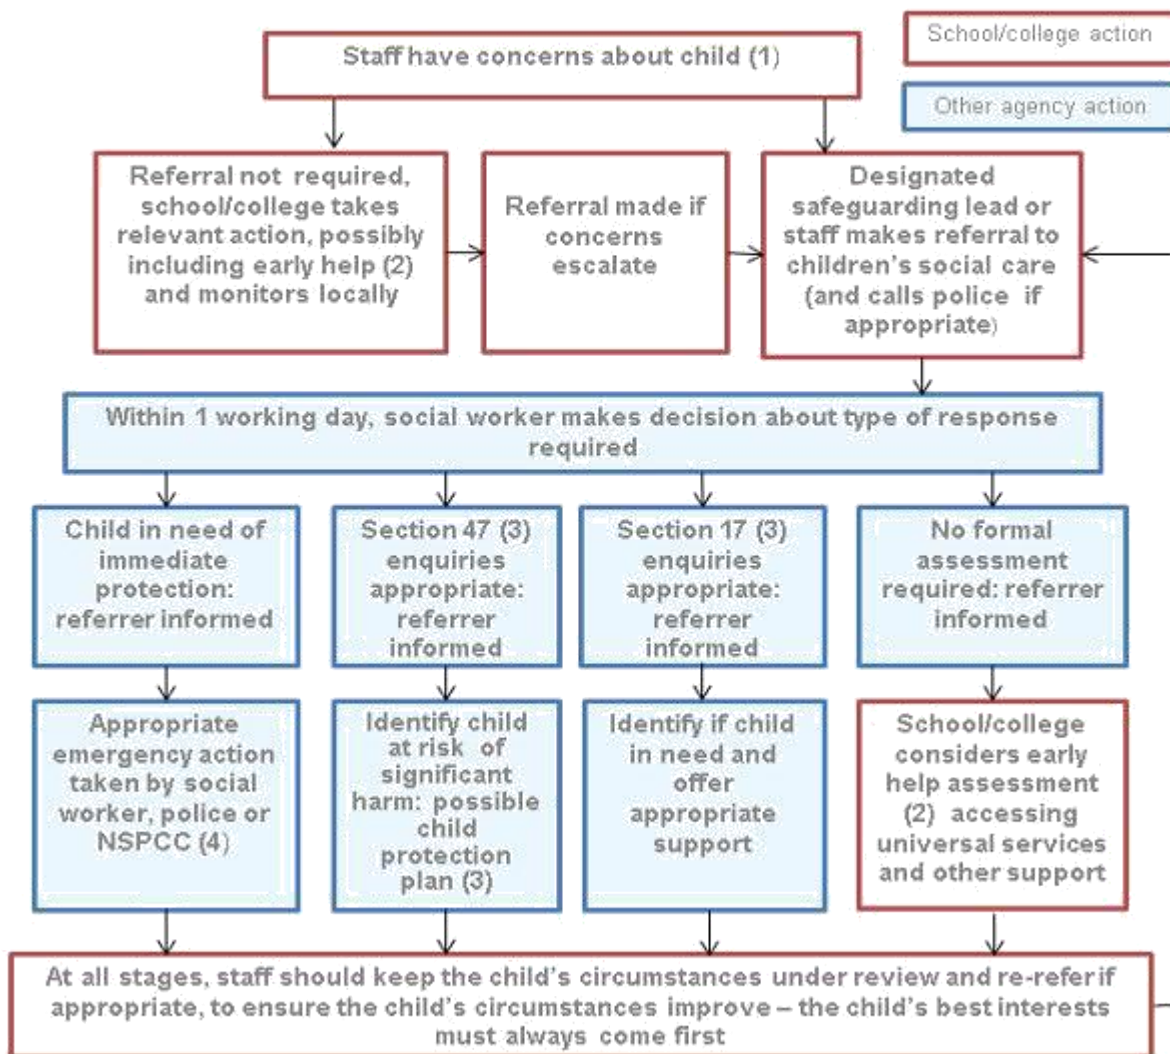

understanding and reflecting local protocols for assessment and the LSCB's threshold document along with supplying information as requested by the LSCB.

The school recognises the importance of information sharing between professionals and local agencies. Further details on information sharing can be found in Chapter one of Working together to safeguard children and at Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers.

Whilst the Data Protection Act 1998 places duties on organisations and individuals to process personal information fairly and lawfully, it is not a barrier to sharing information where the failure to do so would result in a child being placed at risk of harm. Fears about sharing information **cannot** be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

Although inter-agency working and information sharing are vital in identifying and tackling all forms of abuse, it is clear they are especially important to identify and prevent child sexual exploitation.

Actions where there are concerns about a child

SAFEGUARDING CHILDREN: WHISTLE BLOWING

A MODEL POLICY FOR LONDON BOROUGH of WALTHAM FOREST SCHOOLS

This guidance is written for staff working with children and young people in education settings including maintained schools.¹

Staff must acknowledge their individual responsibility to bring matters of concern to the attention of senior management and/or relevant agencies. Although this can be difficult this is particularly important where the welfare of children may be at risk.

You may be the first to recognise that something is wrong but may not feel able to express your concerns out of a feeling that this would be disloyal to colleagues or you may fear harassment or victimisation. These feelings, however natural, must never result in a child or young person continuing to be unnecessarily at risk. Remember it is often the most vulnerable children or young person who is targeted. These children need someone like you to safeguard their welfare.

Don't think what if I'm wrong - think what if I'm right?

Reasons for whistle blowing

- Each individual has a responsibility for raising concerns about unacceptable practice or behaviour
- To prevent the problem worsening or widening
- To protect or reduce risks to others
- To prevent becoming implicated yourself

What stops people from whistle blowing

- Fear of starting a chain of events which spirals out of control
- Disrupting the work or project
- Fear of getting it wrong
- Fear of repercussions or damaging careers
- Fear of not being believed

How to raise a concern

- You should voice your concerns, suspicions or uneasiness as soon as you feel you can. The earlier a concern is expressed the easier and sooner action can be taken
- Try to pinpoint exactly what practice is concerning you and why
- Approach your immediate manager, Designated Teacher for Child Protection, or Head teacher
- If your concern is about your immediate manager/Head teacher, speak to the Chair of Governors or if you feel you need to take it to someone outside the school, contact the Education Safeguarding Service
- Make sure you get a satisfactory response - don't let matters rest
- Ideally, you should put your concerns in writing, outlining the background and history, giving names, dates and places wherever you can
- A member of staff is not expected to prove the truth of an allegation, but will need to demonstrate sufficient grounds for the concern.

¹ Staff includes any adult, paid or voluntary, who works in a school or educational

establishment within the Local Authority.

What happens next

- You should be given information on the nature and progress of any enquiries
- Your employer has a responsibility to protect you from harassment or victimisation.
- No action will be taken against you if the concern proves to be unfounded and was raised in good faith
- Malicious allegations may be considered as a disciplinary offence

Self reporting

There may be occasions where a member of staff has a personal difficulty, perhaps a physical or mental health problem, which they know to be impinging on their professional competence. Staff have a responsibility to discuss such a situation with their line manager so professional and personal support can be offered to the member of staff concerned. Whilst such reporting will remain confidential in most instances, this cannot be guaranteed where personal difficulties raise concerns about the welfare or safety of children.

Further advice and support

It is recognised that whistle blowing can be difficult and stressful. Advice and support is available from your line manager, HR department and/or your professional or trade union.

"Absolutely without fail- challenge poor practice or performance. If you ignore or collude with poor practice it makes it harder to sound the alarm when things go wrong" (reproduced with acknowledgement to —Sounding the Alarm – Barnardos)

Safeguarding in Education Service
Tel: 020 8496 4368

With acknowledgement to Surrey Children's Services for their Model Policy on „Whistle Blowing“.

The school's whistleblowing procedures, staff training and staff behaviour policies for such concerns to be raised should be referred to also.

Where a staff member feels unable to raise an issue with the school or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- General guidance can be found at- Advice on whistleblowing
- The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally.

Staff can call 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and email: help@nspcc.org.uk

Nature of Concern/Conversation (continue on a separate sheet if necessary)

Describe any marks you may have seen – noting size and position (refer to body map)

Name of person you reported your concerns to

Action to be taken / recommendations from the designated member of staff

Signed:

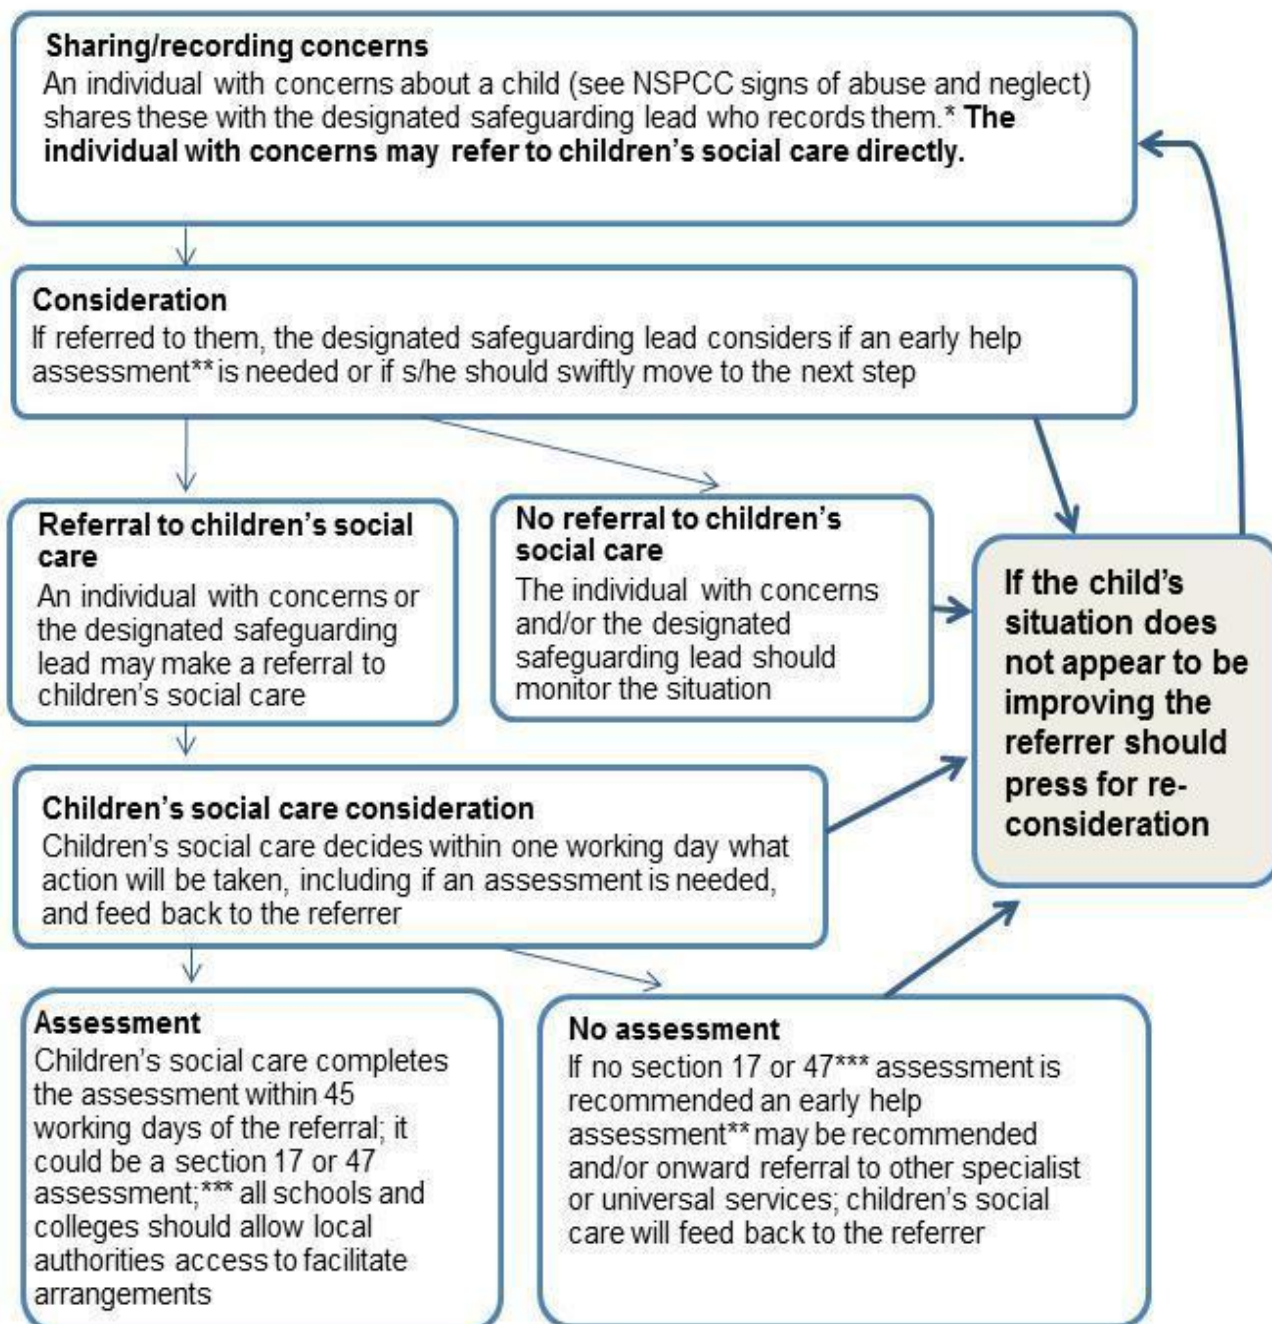

Position:

Return the completed form to the Designated Safeguarding Lead ASAP

Action when a child has suffered or is likely to suffer harm

This diagram illustrates what action should be taken and who should take it when there are concerns about a child. If, at any point, there is a risk of immediate serious harm to a child a referral should be made to children's social care immediately.

Anybody can make a referral.

* In cases which also involve an allegation of abuse against a staff member, see part four of this guidance which explains action the school or college should take in respect of the staff member

** Where a child and family would benefit from coordinated support from more than one agency (eg, education, health, housing, police) there should be an inter-agency assessment. These assessments should identify what help the child and family require to prevent needs escalating to a point where intervention would be needed via a statutory assessment under the Children Act 1989. The early help assessment should be undertaken by a lead professional who could be a teacher, special educational needs coordinator, General Practitioner (GP), family support worker, and/or health visitor.

*** Where there are more complex needs, help may be provided under section 17 of the Children Act 1989 (children in need). Where there are child protection concerns local authority services must make enquiries and decide if any action must be taken under section 47 of the Children Act 1989.

Request for Help and Support or Protection

Guidance

If you do not have direct access to Waltham Forest Families Information system then this form should be completed and emailed, to the MASH team:

Tel: 0208 496 2310 | Email: MASHrequests@walthamforest.gov.uk

(for NHS.net accounts please can you send to MASHrequests@walthamforest.gov.uk.cjsm.net)

Requests for Help and Support and or Protection must be made via this form and all relevant sections **MUST** be completed in order to support a good referral. For guidance please refer to the Threshold Document <http://www.walthamforest.gov.uk/pages/servicechild/mash-profession-als.aspx>

You can make a **'Request for Help and Support'** if you think a child or family has additional needs which require a multi-agency intervention, for example, persistent truanting, chronic/ recurring health problems, or behaviour is harmful to self and others. Before making this request you should gain consent of the child/young person or family concerned.

However, if you are worried that a child is at risk of significant harm i.e. through abuse or neglect you should make a **'Request for Protection'**. In this case you should inform the parents unless this will endanger the child's safety.

FEED BACK TO REFERRERS

- We will ensure that your referral reaches the correct team and that you receive a written response to your referral within 48 hours of receipt of a fully completed form (24 hours if there are Protection concerns). This is automatically generated by the Families Information System.
- If you do not hear back from us regarding the outcome and/or progress of your referral, please contact the MASH Administrator on 0208 496 2310 who will inform you of your referral.
- If you encounter any difficulties in relation to your referral that you wish to bring to the attention of a Senior Manager, please contact the Head of Service for Safeguarding and Family Support on 0208 496 2310

June 2015

Dear Colleague,

Re: How to escalate professional concerns about a child

I would like to advise you and staff in your organisation who have a child protection responsibility how to take action using the appropriate channels when you believe that your professional opinions have not been acted on appropriately. Please disseminate this advice widely to appropriate staff.

For example, if you have concerns regarding the lack of response to professional opinions and judgements expressed by your staff about safeguarding matters including concerns that social care services are not taking appropriate actions regarding the well-being of a child, or are not responding in a timely fashion to your concerns.

In the first instance please raise any concerns directly with the manager of the allocated social worker. If there is no allocated social worker please speak to the manager of referral and advice as below:

Children Social Care and Education

Team Manager MASH/Referral and Advice	020 8496 2317
---------------------------------------	---------------

If you feel your concerns have still not been acted on appropriately then please escalate your concerns to the relevant head of service:

Head of Safeguarding and Family Support	020 8496 1907
Deputy Head of Safeguarding and Family Support	020 8496 1375
Head of Children in Care	020 8496 8388
Deputy Head of Children in Care	020 8496 2184
Head of Placement and Resources	020 8496 2136
Deputy Head of Placement and Resources	020 8496 2478
Head of Quality Assurance	020 8496 3685
Deputy Head of Quality Assurance	020 8496 8250

Where you remain concerned following your discussion with the head of service, a senior member of staff in your organisation should then speak to:

Divisional Director of Children and Families	020 8496 3206
----------------------------------------------	---------------

If you remain concerned, the most senior manager in your organisation should speak to the Deputy Chief Executive, Families Directorate:

Deputy Chief Executive, Families Directorate	020 8496 3501
----------------------------------------------	---------------

In the event that your concerns involve children social care in another local authority area, the above staff will contact the relevant staff in that organisation.

It is important that concerns are speedily escalated within the management structure for children's social care until a satisfactory resolution of the concern is secured.

If you have any concerns related to the safeguarding practice of any other agencies, in the first instance please speak to the team manager of the practitioner, and if you remain concerned please contact the following. If you do not receive a satisfactory response please ask for the next appropriate manager to speak to.

Schools

Divisional Director Educational Improvement	020 8496 3221
---------------------------------------------	---------------

Barts Health at Whipps Cross Hospital

Named Nurse for Safeguarding	020 8535 6855
